A Picture Bargain!

On Tuesday, February 20, We Offer
100 Pictures at 98c Each.

They are 22 by 26 oval Pictures framed in a 4-inch oak and gilt frame very prettily decorated.

We are now giving you the result of this bargain purchase. These Pictures are now on exhibition in our show windows.

You have only to see them to appreciate the GENUINENESS OF THIS SALE. Only two pictures will be allowed to a customer. We are obliged to do this as a protection to our customers, as some dealer might snap the whole lot.

Pictures like these are readily sold in all of the large cities at \$2.00 and more. Many rooms in our houses are as bare as when first papered. Why not hang a picture here and there, giving them a cheerful, homelike appearance?

We shall offer at least once a month the coming season bargains that will not only be useful, but a genuine pleasure to be in possession of. Watch our advertisements. They will interest you.

Manager Daley of last summer's Inter-city hall team has been invited to go to Ottawa as a guest of the local association and at his expense, to look over the base ball situation there relative to Ottawa's joining the Northern league.

The meeting of the executive committee of the Vermont Good Roads association, which was to be held in this city tomorrow, has been postponed because of the inability of the state highway commissioner to be present at that time.

There is still no settlement between the electric railroad and its employees as to a bill of prices to take the place of that which expired on January 31, last. The statement that the men were receiving two cents an hour increase in wages was premature. No agreement to that effect has been reached, but the new settlement, whenever drawn up, will date from February first.

The opposition to Mayor Corry in Montpelier is looking about for a likely candidate to put up against him. C. A. Gale, who resides on Barre street, has been approached. He is pleased but is reluctant to run believing that there are better men, so he says. One of the chief arguments against Mayor Corry is that he has held the office long enough. He has been mayor three terms.

Concert at Barre opera house next Wednesday evening, 7.15, at 8 o'clock. Mme. Maria Parella Bixby, contralto, assisted by Fred H. Whittier, violin, Mrs. Kate E. Terrill, reader. It is unnecessary to say anything about Mr. Whittier who has just returned from study in Germany, or Mrs. Terrill, a reader popular in Montpelier. Admission 25, 35 and 50 cents. See programme Tuesday and Wednesday.

The city docket at present consists of a sheet of paper because of the failure of the Rutland firm, which got the contract to print the new volume, to get the book out on time. The proof of the book was sent by Judge Fay some time ago, but the book was not forthcoming. When queried in regard to it the printer declared that he had been so pressed with work that he hadn't had time to finish the Barre job. So Judge Fay is marking down the printer, etc., on a sheet of paper for want of something better.

The Civic Federation wish to announce that while they secured Mme. Marie Parella Bixby's services in an effort to raise money for furthering their work for public improvement, that is not the only basis of their anxiety for a large house next Wednesday evening. Since opening negotiations with Mme. Bixby we have become more and more impressed with the exceptional opportunity that is given to every person in Barre to listen to a rare musical treat. She has sung to crowded houses in the largest cities in this country as well as England, France and Italy, securing the highest praise from musical critics. It is an open secret that many musical entertainments are not well patronized in Barre, however, it does not follow that we are without musicians of ability and lovers of music in this section and we hope this fact will be demonstrated Wednesday evening by a crowded house greeting Mme. Bixby, at the Barre opera house. The tickets are placed at the popular prices, 25, 35 and 50 cents, so all may attend.

SOUTH RYEGATE.

B. S. Hussey of Bangor, Me., was the guest of William Terry over Sunday.

Mrs. A. T. Beaton is the happy possessor of a new piano, set in last week by Mr. Dutton of Montpelier.

We are now looking forward with some degree of hope of having electric street and house lights, as M. F. Sarant of this place, who has been talking for some time about the need of such lights has recently purchased of his brother, Marcus Sarant of Boltonville, his interest in the power at the falls in that place. This power is acknowledged to be just what is needed to run a plant for furnishing South Ryegate, Groton, East Ryegate, and Ryegate Corner with electricity. We hope soon to know of a stock company being formed to build and equip such a plant.

Carver were at work, just as Mr. Unwin had another well aimed blow directed at it, and the axe came down on the back of the hand and between the middle fingers, cutting a gash about three inches long on the back and from one to two inches long on the palm. The axe avoided bones and cords, but severed three arteries. Dr. Burbank administered chloroform in his office in Cabot and sewed up the wound, pronouncing it a "sleek job all around."

The Daylight Store

Words Alone Count For Little.

Mere words can't make success. Talk can't put quality into any manufactured article—the worth must be there. That is exactly why the R. & G. TAPERING WAIST CORSET suits the trade. It explains why we have so much confidence in this particular Corset. Within the last ten days we have had two large bills of this Corset and will have to order again the first of the week in order to have the sizes for Saturday. Get the R. & G. CORSET and you are sure to have the correct fit.

R. & G. Tapering Waist Corset R. & G. Tapering Waist Corset R. & G. Tapering Waist Corset

There is a fit about these Corsets that others do not have. It's being steam moulded that makes them different. We have been unable to keep sizes of this Corset in stock on account of the demand for the particular models.

These Tapering Waist Corsets come in two shapes—one for slender ladies, the other to fit stout or large ladies. Either shape at \$1.00 per pair.

Tapering Waist Corsets in the \$1.50 grade are of a little finer material.

Either style has a full set of attached Hose Supporters.

If this is not the slickest-feeling Corset that you ever laced up, bring it back and get your money.

This cut gives you a side view of this new Corset.

Take these Corsets home on memorandum and see what they are like.

You ought not to expect your dress-maker to make a new-styled dress over an old-styled Corset. Shape of Corsets change as often as styles of dresses.

The R. & G. Corset people are considered today to be the most progressive up-to-date Corset-makers in the country.

These new models were prepared as soon as the style changed, and are today the ready-to-wear Corset that gives the "defined waist line" as fashion has decreed it.

They are made in a number of styles, in high and low bust, at \$1.00 to \$1.50 per pair.

Every Corset is fully guaranteed.

Did you ever think that there is just as much difference in Lard as there is in Butter? That to make good Lard it is just as essential to have everything sweet and clean as to make good Butter? Our Lard is rendered by steam in closed kettles. No smoke or ashes near it. Only fresh Pig Pork is used. After the Lard is rendered we have plenty of steam to sterilize and clean everything. It's impossible to make Lard like ours in the old way, with an open kettle in an outbuilding.
